Same Art Gallery that I helped as an intern in previous years. This time I helped with their promotional jobs again, but I also dealt with artists scheduling the logistics of shows and any questions they might have had.

Graduate Assistantship

Spring 2019

During my last semester at NJCU I was able to work and assist the Advisement Center and Supplemental Instruction offices with several tasks. I mostly dealt with people over the phone or face-to-face, helped designing flyers, and proctor tests.

Teacher Assistant, NJCU

I was able to assist photography students in the very basics of photography. Led a few classes and tutorials of darkroom techniques and film developing. As well, as assisting students with their projects and their compositional and artistic approach to their photos.

Drawing Rooms Intern

August 2015 – July 2016

A small non-profit organization that is well involved with the arts scene in Jersey City. I worked with their promotional information plus a few photography jobs when they were needed.

Internship in the Field, Saint Peter's University

August – December 2013

One of my photography classes at Saint Peter's University goal was to prepare us for Location Photography. We worked around the school and took pictures of dorms, buildings and facilities, students and more to capture the essence of the school.
